

Work light 500 lm

13134

Product no.	**77490016**
GTIN	**4018754349715**
Model	**13134**

Label. Work light black-green 500, 300, 100 lm

Properties.

- compact design
- 4.5 W COB-LED
- adjustable brightness with 3 brightness levels: short-term boost (500 lm) / 100% (300 lm) / 30% (100 lm)
- lighting duration/brightness: 1.5 hours (300 lm) / 3 hours (100 lm)
- lighting range: max. 26 m
- rechargeable via USB-C connection
- charging time approx. 2.5 h
- integrated Li-ion battery 3.7 V/600 mah/2.22 Wh
- charging indicator light
- with carabiner for attaching to belts or bags
- for fastening to metal surfaces with holding magnet and magnetic base
- water and impact-proof housing
- protection class: IK07/IPX3
- accessories: USB-C charging cable (100 cm)

Benefits.

Rechargeable LED work light with high output of up to 500 lm.

Up to 3 hours of operating time thanks to the integrated Li-ion batteries with safety electronics (3.7 V/600 mAh/ 2.22 W).

Flexible mounting options with retaining clip, holding magnet and magnetic base.

Slim, compact pocket-sized design for convenience.

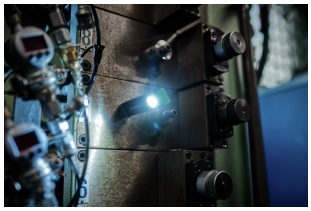

Equipped with a USB-C port for simple charging.

Product highlights.

Handy pocket size.
Our small-format work light can be carried anywhere as a great helper on your waistband or in a bag. Thanks to its handy size and low weight, it is ideal for illuminating hard-to-reach places where conventional torches are often too large.

Universal attachment.
The spotlight has a retaining clip for easy attachment to a belt or trouser pocket. A magnet in the clip on the back and a strong magnetic base enable secure attachment to metal surfaces for precise illumination of the work area.

Effective luminosity.
Our powerful work light with COB LED technology has three brightness levels: Boost (500 lm), 100% (300 lm), 30% (100 lm). In Boost mode, the brightness is increased from 300 to 500 lumens for 60 seconds. The white light of the LEDs has a colour temperature of 5,000-7,000K, which does not strain the eyes excessively and thus enables fatigue-free working.

Powerful and rechargeable.
The work lamp has a built-in Li-ion battery with a capacity of 3.7 V/600 mAh. It can be conveniently charged via a USB-C connection. A waterproof silicone cover protects the charging socket from external influences. The current charge status of the battery can be viewed at any time via a side LED indicator.

Technical attributes.

Length mm (L)	21 mm
Width mm (b)	89 mm
Height mm (h)	12 mm
Battery type	Li-ion 3.7 V / 600 mAh
Colour	black-green
Brightness	500, 300, 100 lm
Protection class	IK07/IPX3

Logistics data.

Product no.	77490016
GTIN	4018754349715
Weight (g)	35 g
Volume (packaged, dm3)	0.208 dm3
Packing standard	1
WEEE/ElektroG	Kleingeräte B2C
Customs tariff no.	85131000
Country of origin AWR	CHINA
Region of origin	Ausländischer Ursprung
