Penlight

13136 SL

Product no.	**77490017**
GTIN	**4018754360611**
Model	**13136 SL 850**

Label. Penlight black 850, 500, 250 lm

Properties.

- handy, compact version
- adjustable brightness with 3 brightness levels: short-term boost (850 lm) / 100 % (500 lm) / 50 % (250 lm)
- optimal focusing with the rotatable head
- lighting duration/brightness: 1.5 h (500 lm) / 3 h (250 lm)
- lighting range: max. 64 m
- rechargeable via USB-C connection
- charging time: approx. 2 h
- integrated Li-ion battery 3.7 V/720 mAh/2.664 Wh
- with charging indicator light
- with practical clip
- robust aluminium body
- protection class: IK05/IP65
- accessories: USB-C charging cable (100 cm)

Benefits.

Rechargeable LED penlight with high light output of up to 850 lm.

Up to 3 hours of light (depending on operating mode) thanks to the Li-ion battery (3.7 V/720 mAh/2.664 Wh).

The durable aluminium housing offers reliable protection against dust and water jets thanks to its IP65 rating.

Slim, compact pen-shaped design for convenient transport.

With the practical clip for attaching to trousers or bags, the torch is always within reach.

Product highlights.

Compact power.
With up to 850 lumens and 3 brightness levels, our compact penlight illuminates even the smallest and narrowest areas in vehicles or workshops optimally - where conventional torches are often too large. Up to 3 hours of light guarantee reliable illumination in every application.

Precise light in pen-format.
With a length of just 15 cm, the penlight fits comfortably in any bag or toolbox, making it the ideal companion in the workshop or on the road. Its compact, handy design makes the lamp ideal for precise work in tight spaces without sacrificing powerful light output.

For tough everyday use.
Our torch is suitable for both indoor and outdoor use. High-quality materials and IP65 protect it from impacts, dust and water jets in harsh workshop environments.

Always at hand.
Thanks to its removable retaining clip, the hand lamp can easily be attached to a shirt, trousers, or tool bag. This means it is always close at hand whenever it is needed.

Powerful and rechargeable.
Our light has a Li-ion battery with a capacity of 720 mAh. It can be conveniently charged via a USB Type-C connection. A waterproof silicone cover protects the charging socket from external influences. The current charge status of the battery can be viewed at any time via a side LED indicator.

Technical attributes.

Length mm (L)	148 mm
Battery type	Li-ion 3.7 V / 720 mAh
d	19,5 mm
Colour	black
Brightness	850, 500, 250 lm
Protection class	IK05/IP65

Logistics data.

Product no.	77490017
GTIN	4018754360611
Weight (g)	72 g
Volume (packaged, dm3)	5.94 dm3
Packing standard	15
WEEE/ElektroG	Kleingeräte B2C
Customs tariff no.	85131000
Country of origin AWR	CHINA
Region of origin	Ausländischer Ursprung
Depth mm (IFS)	185
Width mm (IFS)	42
Height mm (IFS)	40
Weight (gross, kg)	1,966
