

Tool trolley 95 PRO special edition Best tools never die

95/7 PRO NDE

Product no.	**81200175**
GTIN	**4018754361823**
Model	**95/7 PRO NDE**

Label.

Tool trolley special edition Best tools never die 95/7 PRO NDE 7 Drawer 827 x 496 x 1020 mm anthracite, RAL 7016; black, RAL 9005

Properties.

- three-stage security concept:
  - central locking via side cylinder lock with fold-down key
  - individual locking prevents accidental opening while driving
  - tilt protection prevents several drawers from being pulled out at the same time
- high-resolution print image thanks to UV coating (no foiling)
- black lacquered steel handle with reinforced body connection
- all-round impact protection with shock absorption
- tightly welded, resistant work and storage surface
- oil and acid-resistant, ball-bearing smooth-running castors (Ø 125 mm) with thread guard to protect the bearings from dirt and threads, with 2 locking brakes
- paper roll and spray can holder included
- 7 easily removable drawers (in special paint finish) with full extension and ball cage guide
- perforation on both sides for hooks No. 8031-8041, e.g. for larger tools
- can be equipped with STAHLWILLE standard and TCS inlays

Benefits.

Heavy-duty tool trolley with 7 fully extendable drawers and exclusive UV coating in a special design Best tools never.

Oil and acid-resistant smooth-running castors (Ø 125 mm) with thread guards protect the bearings from dirt and threads, with 2 locking brakes.

The all-round impact protection with shock absorption effectively protects the tool trolley and the surrounding area from damage in the event of collisions.

The generous shelf is fully welded and reliably sealed to protect the interior of the workshop.

Central locking by cylinder lock with fold-down key, the tilt protection prevents several drawers from being pulled out simultaneously.

Product highlights.

PRODUCT IMAGE IN PROGRESS

A statement on wheels.
Our tool trolley has a new, eye-catching look: with high-quality UV paint in the Best tools never die edition and exclusive STAHLWILLE artwork. The modern paint finish ensures a razor-sharp finish - without any foiling.

Takes on anything.
High-quality materials such as the tightly welded stainless steel tray with a scratch-resistant honeycomb structure ensure the durability typical of STAHLWILLE and prevent liquids from penetrating into the interior of the trolley. The work surface of 827 x 496 mm is particularly suitable for working on large components. Thanks to its robust construction, the 95 PRO has a static load capacity of 750 kg. Thanks to reinforcements, the drawers can be loaded with 30 kg and the bottom drawer with up to 45 kg.

Secure down to the last detail.
The drawers are centrally locked using a cylinder lock with a folding key. The single-drawer lock prevents unintentional opening while driving. In addition, only one drawer can always be opened at a time, ensuring reliable tipping protection.

Full configuration as standard.
Whether paper roll and spray can holders, all-round impact protection with shock absorption, perforations on both sides for attaching accessories, locking brakes or oil and acid-resistant smooth-running castors (Ø 125 mm) with thread protection. Our tool trolley comes with many features as standard.

PRODUCT IMAGE IN PROGRESS

Optimally organized.
All drawers can be pulled out 100%. In combination with the STAHLWILLE standard and TCS inserts or the variable drawer dividers, this ensures optimum overview and convenient tool removal at all times.

Technologies and features.

Modular Inlay System
This flexible solution for tool storage makes it possible to customise your tool trolleys and workbenches with 1/6, 1/3, 2/3 or 3/3 foam inlays.

Tool Control System
The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.
