Benefits.

This set supports installation work, measurement tasks, and confident handling of typical bolted connections on electrical equipment.

Highlights include the two ball-ended L-Key sets, complemented by robust screwdrivers, cable knives, and precise measurement aids.

The coordinated set speeds up profile changes, make it easier to check completeness, and support smooth, structured working process on a day-to-day basis.

Designed for electrical trades, it arose from typical requirements in recurring installation and service tasks.

The target group includes electrical specialists and service teams who require organised components for assembly, testing, and repairs.

Technologies and features.

Tool Control System
The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.
