Benefits.

This set reliably supports fine screwdriving work, gripping tasks, and the razor-sharp processing of small electronic connectors.

Highlights include the electronics needle-nose pliers and the mini side cutters, complemented by precise, finely coordinated screwdrivers.

The streamlined set facilitates precision working, reduces changeover times, and supports clean, focused processes in the workplace.

Designed for electronic manufacturing, it arose from the requirements of precise assembly and rework processes for sensitive designs.

The target group includes electronic specialists and precision mechanics who need to make controlled hand movements during sensitive assembly tasks.

Technologies and features.

Tool Control System
The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.
